Question 16-20:

Google's digital library, which allows users to search for and read all or parts of millions of books, was little known in China until October 2009 when the China Written Works Copyright Society called on authors to oppose a Google proposal to let it scan and publish snippets of books from around the world unless authors _____ 16 _____. The Chinese group said thousands of works by hundreds of local authors were published by Google even though the authors were not informed or paid.

One writer, Mian Mian, _____ 17 _____ Google in December 2009 in a Chinese court demanding an apology and RMB 60,000 (USD 8,800), for copyright _____ 18 _____, after Google scanned and published snippets of her book 'Acid Lover' for commercial use. The author was still waiting for a response from the court, and had not _____ 19 _____ her lawsuit. "So far, the case is still on," her lawyer said.

Google, which began the book scanning project in 2004 and has worked with more than 30,000 publishers and 40 libraries world-wide, lost a similar case in France last month. A French court ordered it to remove online extracts of any books published by La Martinière and pay the publisher EUR 300,000 (USD 433,000). The company said it would _____ 20 _____ the ruling.

Part 3: Please complete the sentences by using the words given: (20%)

branded, capacities, common, consideration, contract, facilitate, shareholdings, spin, subsidiary, suppliers.

Asustek Computer plans to _____ 1 _____ off its design and manufacturing service _____ 2 _____ Pegatron on June 1, 2010. The company decided to speed up the procedure of initial public offering (IPO) of Pegatron in order to minimize the uncertainties and _____ 3 _____ the Pegatron IPO process.

Accordingly, Pegatron will issue two billion new _____ 4 _____ shares to Asustek Computer and all shareholders of the company as _____ 5 _____, among which it is expected that the company will receive 25% of the equity and all shareholders of the company will in total receive 75% of the equity in Pegatron Holding in proportion to their _____ 6 _____ in the company.

After the 1st of June, 2010, Pegatron will be formally independent company and will produce main boards and other computers or components for Asustek solely on _____ 7 _____ basis. In practice, this means that Asus will cease to own manufacturing _____ 8 _____ and will concentrate on selling its _____ 9 _____ devices. There are no doubts though that Asus will remain one of the top of _____ 10 _____ motherboards in the world.

Part 4: Please translate the following paragraph into Chinese: (20%)

On January 12, 2010, the Legislative Yuan passed an amendment of the Copyright Act that would drop criminal responsibility for proprietors who do not have broadcasting licenses to stream music at public venues. The legislator who proposed the draft said that many proprietors re-broadcast television or radio and have difficulty anticipating the works and names of artists in order to retrieve licensing. Given that proprietors profit very limitedly from music playback, there should be no need to affix criminal responsibility.
