Many people complain about one part of [32], as it seems to control everything in their lives. While it is true that government dictates a seemingly endless list of laws and regulations, modern society could not function without it. People forget the extent to which their lives are supported by governmental creations, such as streets and [33], and they fail to recognize that they could not get to work and back home without this public transportation system. All the while, they complain about taxes, but they overlook the way that tax dollars are spent on the public good, such as [34], which prevent flooding, and street lights, which make driving at night safe. The three most important ways which government helps people are developing [35] [ ], maintaining law and order, and providing health insurance.

- 32 (A) scientists (B) social (C) sociological (D) society  
 33 (A) turning cars (B) traffic cones (C) import tariffs (D) traffic signals  
 34 (A) ridesharing systems (B) storm drains (C) rain showers (D) typhoon warnings  
 35 (A) infrastructure (B) architecture (C) infrared lights (D) touchscreens
